

BERLEKAMP

PLASTIC-AD LINE

Since 1929

Why fit the mold, when we'll mold to fit you!

2026

ABOUT OUR COMPANY

WHY NOT RAISE YOUR IMAGE

Since 1929, **BERLEKAMP PLASTICS** has proven for an extraordinary 95 years that branding with us, your logo remains to be seen. Our factory is located in Northwest Ohio along the scenic Sandusky River.

A pioneer in the promotional products industry, Berlekamp Plastic-Ad Line has been making and supplying injection molded 3-D plastic promotional advertising since the 1940s. We were, in fact, the very first company to use the injection molding process to manufacture a promotional product.

What is unique about our product is that every order is custom produced from start to finish, and our product is as unique as you are. We, quite literally, make our product out of your logo.

So why fit the mold, when we'll mold to fit you?

© 2026 berlekamp.com
asi/40420 • ppai/111442 • sage/50440

IF IT'S NOT 3-D THEN IT'S FLAT

Studies have shown that the image of an item with added dimension is imprinted in the mind of the receiver with greater detail than a flat image, leaving a longer lasting impression. Our injection molded product with raised graphics is 3-dimensional, so that your message stands out even before the top coating is applied. Our signs won't stop advertising. Go ahead. Paint over one! You'll find that the image remains. This is advertising that is seen AND lasts.

BERLEKAMP PLASTIC-AD LINE Since 1929

Celebrating 96 Years

Why fit the mold, when we'll mold to fit you!

closer LOOK LP BADGE ADVANTAGE

No extra charge to customize your set-up.

Keep the integrity of your logo and design a one of a kind Motorcycle Kickstand Pad. The ideal 4" x 4" size slips easily into a back pocket. Having the brand as the shape of the kickstand pad with dimensional graphics creates a unique item for advertising that's made to last. Your brand will always be visible, since it's molded right into the pad.

Features:

- Graphics that remain to be seen for years and years
- Wide market reach
- Custom Molded to your design, or use this guide below to assist in designing your MKP Motorcycle Kickstand Pad.

The first number or letter is for the shape of the pad.

1 = Sharp Corner

2 = Soft Corner

3 = Circle

4 = Flames on Square

5 = Gear Shape

6 = Decagon

7 = Interstate Sign

H = Horseshoe Guard

2nd number indicates the print color:

7= Flat / single color

MKP17-BW

MKP37-OC

8 = Print color on either the rim or in the center

MKP28-OC

MKP38-BW

9 = Print color on both the rim and in the center.

MKP29-BW

MKP39-OC

Last is the Plastic color:

Item # ends in -BW are molded in Black or White plastic or -OC is molded in Other stock plastic Colors.

With an extra print color, there's X at the very end of the item number.

MOTORCYCLE PAD

HORSESHOE GUARD

MKPH-OC

MKPH-BW

This unique shape has a horseshoe guard to provide a stable foundation on any "soft ground" and will help keep your cycle upright. Raised Graphics along with repeat design in the background will reinforce brand awareness. Our unique repeat design (no extra cost) has the logo slightly raised in a continuous pattern in the background giving it not only an additional advertising punch, but a textured grip for the kickstand as well.

Features

- Horseshoe guard keeps kickstand on the pad
- Logo with repeat design in the background

MKPH-OC

CUSTOM EXPLAINED

Custom Design Explanation

Our manufacturing process is injection molded plastics with raised graphics. EVERYTHING we do is made to order – never pulled off a warehouse shelf and stamped, always 100% American made.

Even though we call some of our items “stock” they’re still made when ordered. The good news is you have more creative control in the design. The bad news is it takes a bit longer to produce. While our “stock” items fit into a product category like; badges, bag tags, coasters, magnets, plaques etc. Some items do not fit into a specific category, so we have Custom Design Interior and Custom Design Exterior products.

There is a special code for pricing these items:

We stock two types of plastic, a high impact polystyrene used for interior application and a special engineering grade resin with ultraviolet inhibitors (UVI) added to help reduce fading for exterior use.

First, choose your exposure, inside or outdoor use:

If it is for inside use, look for the price grid that shows CDi (i = interior) on pages 26 & 27. For outside use, look for CDe (e = exterior) on pages 28 & 29. This is for White or our other stock plastic colors. Black plastic, CDBK (BK = black) on page 30, has its own price grid and can be used inside or outdoors.

Next, the plastic color:

When the item number has a “WH” before the hyphen White Plastic is used. If it has “OC” that means, it is for Other (stock plastic) Colors.

Example: CDiWH- is Custom Design Interior molded in White Plastic.

CDeOC- is Custom Design Exterior molded in a stock color other than white or black.

Now, the size:

We need to know size, so multiply the height by the width of the design to calculate the square inch area, then look for the appropriate square inch pricing category.

Example; CDeWH-16 is exterior white plastic in a size between 10 and 16.9 square inches.

Finally, the attachment:

Item numbers end in either A for Adhesive Strips or H for Holes or no adhesive. We will add as many countersunk holes as required, screws are not provided.

Example: CDiOC-24H is molded in say red interior plastic, between 17 and 24.9 sq. inches, without adhesive.

Extra Print Colors:

All unit prices are for one plastic color and one print color. If an extra print color is required, an X is at the very end of the item number indicating Extra print color.

A note about our low-cost setup system:

Our unique system allows us to produce a design at the fraction of the cost of a normal injection mold. However, you can't change a comma “,” to a period “.” without starting a new setup, so to get it right before cutting the setup, we offer virtual proofs.

Custom Design signs offer a world of possibilities for potential end users. See the following pages for examples.

Example: CDeOC-9AX is exterior gray plastic between 5 and 9.9 square inches with 3 extra print colors and strip adhesive.

Example: CDeWH-16HX is exterior white plastic in a size between 10 and 16.9 square inches with an extra print color and countersunk holes.

Example: CDiOC-24A is interior green plastic between 17 and 24.9 square inches with strip adhesive.

Example: CDiWH-9H is Custom Design interior white plastic with countersunk holes in a size between 5 and 9.9 square inches.

Example: CDeOC-16AX is exterior blue plastic in a size between 10 and 16.9 square inches with an extra print color and strip adhesive.

Example: CDBK-24A is exterior black plastic in a size between 17 and 24.9 square inches with strip adhesive.

HOLES/ADHESIVE

BLACK PLASTIC NAMEPLATES

BLACK PLASTIC NAMEPLATES WITH HOLES OR ADHESIVE

Superior craftsmanship goes into manufacturing *Custom Designed Exterior Nameplates*. These high quality signs are injection molded using special engineering grade plastic with Ultra Violet inhibitors.

Custom Designed Exterior Nameplates are ideal identifiers for boat dealers, RV and van conversion companies, manufactured housing, yard equipment, fence companies, golf carts, and truck distributors to name a few.

Pricing is by size, not design. Multiply the height by the width to calculate square inch area.

Features

- 3-D molding allows copy visibility for years of quality advertising.
- Custom countersunk hole placement.

Item #	Size
CDBK-4H or A	Up to 4.9 Square Inches

Custom countersunk hole placement.

HOLES

EXTERIOR NAMEPLATES

Superior craftsmanship goes into manufacturing *Custom Designed Exterior Nameplates*. These high quality signs are injection molded using special engineering grade plastic with Ultra Violet inhibitors.

Custom Designed Exterior Nameplates are ideal identifiers for boat dealers, RV and van conversion companies, manufactured housing, yard equipment, fence companies, golf carts, and truck distributors to name a few.

Pricing is by size, not design. Multiply the height by the width to calculate square inch area.

Features

- 3-D molding allows copy visibility for years of quality advertising.
- Custom countersunk hole placement.

Item #	Size
CDeWH or OC-4H	Up to 4.9 Square Inches
CDeWH or OC-9H	5 to 9.9 Square Inches
CDeWH or OC-16H	10 to 16.9 Square Inches
CDeWH or OC-24H	17 to 24.9 Square Inches

Maximum Size is 6" x 16" Minimum Size is 3/8" x 1"
 Contact Factory for larger Square Inch sizes.

- Plastic Color:** WH = White
 OC = Other Colors; Brown, Green, Forest Green, Grey, Ivory, Maroon, Navy, Orange, Red, Royal Blue, Sky Blue and Yellow.
Plastic with UVI Inhibitors (UVI), will help with color shift after prolonged exterior exposure. See item # CDiWH or OC for plastic without UVI
- Print Colors:** Same as above plus Chrome, Bright Silver, Brushed Silver, Brushed Gold, Matte Silver, Matte Gold, and Holographic
- Attachments:** Countersunk holes, as many as needed.
- Price Includes:** One plastic color, one raised print color. and as many countersunk holes as needed.

COASTERS

WS3B-OCC

Your logo resting under a tasty drink is a subtle, yet effective way to be seen. **3-D Coasters** are molded hard plastic with your copy/design raised off the bottom area. Great as a trade show giveaway, a lightweight mailer, or a leave behind when making sales calls.

- Rimmed area keeps condensation off of table.
- 3-D raised center creates a release of the glass from the coaster.

GENERAL INFORMATION

1. **Artwork**
Electronic e-mailed art files are the preferred method of receiving artwork.

All graphics and fonts should be vectored and files converted for use on MS Windows platform. We will accept the following vector file extensions:
.AI- Adobe Illustrator, .CDR- Corel Draw, .EPS- Encapsulated Postscript, or PDF- Adobe Acrobat.

If sending from a Windows platform, use: CorelDraw X3 or before. If sending from a Macintosh platform, use Illustrator CS3 or before.

Print art should be received printed at 600 dpi. Scanned images should be scanned at 300dpi and saved as a .JPG file.

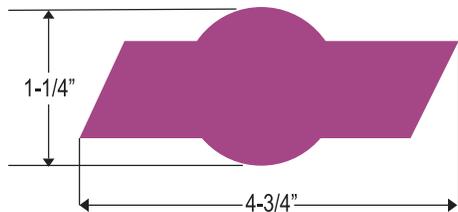

Artwork that is not suitable for our engraving process is subject to cleanup at a rate of \$40.00 (V) per hour. With your properly vectored art file and clear instructions for layout, we will provide the first sketch and one (1) revision at no charge. Additional revisions will be done at a rate of \$25.00 (V) each.
2. **Changes and Cancellations**
Charges vary according to the work completed.
3. **Change of Surface Color (V)** \$25.00
4. **Change of Plastic Color (V)** \$85.00
5. **Change of Copy (V)** \$30.00
For products in same category only. Change of copy on ThermCuts and DCAs is not available.
6. **C.O.D. Shipments/Export Shipments (V)** \$25.00
7. **Confirmations**
We require written confirmation of all orders. We cannot be responsible for errors in items, quantity, color, copy, or shipping information when complete, written order instructions have not been received prior to shipment.
8. **Larger Quantities**
If your requirements are greater than quantities listed in our catalog, please contact our office for a competitive volume quotation.
9. **Order Acknowledgement**
New orders will be acknowledged within 48 hours of proof approval, reorders within 48 hours of receipt. Please review our acknowledgement at once and contact our office with any discrepancies. Orders will be processed and invoiced exactly as acknowledged.
10. **Order Information**
All prices are F.O.B., Northern Ohio Factory. Specify item number, size, quantity, plastic color, raised surface color, and attachment.
11. **Overruns or Underruns**
Up to 5%. Orders for exact quantity subject to underruns. All orders are charged accordingly.
12. **Packaging**
All items are bulked packed except for badges, bag tags, key tags and plaques, which are individually poly-bagged and then bulk packed.
Contact factory for other custom packaging.
13. **Prices**
Subject to change without notice.
14. **Production Time**
New orders are approximately 25 working days.
Reorders approximately 15 working days.
15. **Responsibility**
We are not responsible for inability to fill orders due to strikes, shortage of materials or labor, or any other reasonable causes whatsoever. Our liability ends with replacement of order. Returns without our authorization are not acceptable.
16. **Proof Approval**
Please check the following: plastic color, print color, size, and attachment. Berlekamp Plastics, Inc. is not responsible for errors or omissions after the proof has been approved and the order acknowledged.
17. **Rush Charges**
We will accept rush orders on a factory availability basis. Please contact our office regarding availability and charges.
18. **Setup Charges**
First order only unless changes are made. Setups inactive for 4 years will be destroyed and new setup charges will be required when reordering unless prior arrangements have been made.
19. **Shipping Information**
Standard shipping is via UPS. A \$5.00 (V) handling charge will be applied for alternative shipping methods. Drop shipments are \$6.25 (V) per destination.
20. **Split Shipments**
\$15.00 (V) and up to 6 months storage for 1,000 pieces or more. Orders must be paid in full when completed.
21. **Trademarks**
Berlekamp Plastic Ad-Line assumes that our clients are authorized to use the trademarks presented to us for reproduction. We assume no liability in trademark or copyright disputes. Should we determine that the product may require a license to manufacture, we will require a copy of your authorization.
22. **Color Disclaimer**
Due to inconsistencies of display monitors, the colors you see on your screen may not be totally accurate reproduction of actual colors used on our product.

While we strive to show our color as accurately as possible, we aware that screen image are intended as a guide only, and should not be regarded as absolutely correct. We suggest you request a product sample and color chip to be certain of the colors in our process.

DESIGN INFORMATION

- Size Calculation**
 All custom design items are priced by size, not by design. To calculate the size, measure the height and multiply it by the length to calculate the square inch area.

- Printing**
 We use exterior and interior grade hot stamp foils for a wide range of pigments and metallic effects. Four color process or halftones are not available.

Color chip(s) indicating all material colors used in manufacturing are provided for approval at no charge.

We offer two shades of Chrome/Metallic Silver imprint color: a very bright, reflective shade, and a darker shade. We have determined that the darker chrome lasts significantly longer than the brighter one.

As there are many variables involved with exterior exposure, we cannot forecast the life cycle of either product; however we do recommend using the darker of the two foils for extended longevity.

Due to variables in plastic and foil formulations, subtle color changes can occur beyond our control. Therefore, perfect color matches cannot be guaranteed.

- Extra Raised Color Charges**
 There is no limit to the number of spot colors that can be designed into our product. Spot colors require approximately 1/16" separation between colors.

Flat printing has some line width and detail limitations. To the right are examples of each type of printing.

PLEASE NOTE

All of our products are custom made. Items shown in this catalog are not for sale, they are examples of the type and quality of work we have done. They are not intended to represent that the products are endorsed by, or produced for the owners of the artwork, designs, or trademarks.

We reserve the right to use all products in our advertising and displays unless notified otherwise in writing at the time of the order.
