EXTERIOR NAMEPLATES

EXTERIOR NAMEPLATES - ADHESIVE

Superior craftsmanship goes into manufacturing *Custom Designed Exterior Nameplates*. These high quality signs are injection molded using special engineering grade plastic with Ultra Violet inhibitors.

Custom Designed Exterior Nameplates are ideal identifiers for boat dealers, RV and van conversion companies, manufactured housing, yard equipment, fence companies, golf carts, and truck distributors to name a few.

Pricing is by size, not design. Multiply the height by the width to calculate the square inch area.

DESIGN INFORMATION

1. Size Calculation

All custom design items are priced by size, not by design. To calculate the size, measure the height and multiply it by the length to calculate the square inch area.

2. Printing

We use exterior and interior grade hot stamp foils for a wide range of pigments and metallic effects. Four color process or halftones are not available.

Color chip(s) indicating all material colors used in manufacturing are provided for approval at no charge.

We offer two shades of Chrome/Metallic Silver imprint color: a very bright, reflective shade, and a darker shade. We have determined that the darker chrome lasts significantly longer than the brighter one.

As there are many variables involved with exterior exposure, we cannot forecast the life cycle of either product; however we do recommend using the darker of the two foils for extended longevity.

Due to variables in plastic and foil formulations, subtle color changes can occur beyond our control. Therefore, perfect color matches cannot be guaranteed.

3. Extra Raised Color Charges

There is no limit to the number of spot colors that can be designed into our product. Spot colors require approximately 1/16" separation between colors.

Flat printing has some line width and detail limitations. To the right are examples of each type of printing.

PLEASE NOTE

All of our products are custom made. Items shown in this catalog are not for sale, they are examples of the type and quality of work we have done. They are not intended to represent that the products are endorsed by, or produced for the owners of the artwork, designs, or trademarks.

We reserve the right to use all products in our advertising and displays unless notified otherwise in writing at the time of the order.

Decimal Equivalents

1/16 = .063	5/16 = .313	9/16 = .563	13/16 = .813
